

**MEETING OF MAYOR AND BOARD OF ALDERMAN**

**PUBLIC WORKS REPORT**

**06/21/2021**

**WATER / GAS / SEWER / SEWER LAGOONS / STREETS / PARK**

**Item 1. Water**

In Month of May 2021, we produced 12.818 MG of finished water.

Max Day was 0.525 MG of Finished.

Min Day was 0.318 MG of Finished.

Ave Day was 0.413 MG of Finished.

We would like to get started on No-read water and gas systems if we can only do water that would be a great help.

We have repaired several water leaks in system. Still several out there. Would like to work some Saturdays to try and catch up.

We need to get filter room door repaired after damages done by fire department making entry to siren.

**Item 2. Gas**

We did make two taps in the gas system. Tilly Lane and Beaver Creek Road.

Trencher is down we have taken to Ditch Witch to be repaired.

**Item 3. Sewer / Sewer Lagoons**

Time to grease all aerators on sewer ponds.

Number 1 pump is down at sewer lagoons, need to call Cottrell Electric.

**Item 4. Streets**

Speed Bumps need to be reset in Richland Hills Subdivision.

I would like to purchase a new side cutting mower for street and sewer lagoons.

Wooten Tractor **12,480.00**

John Deere tractor used for street cutting needs servicing.

Prices for repairs at Richland Hills Entrance : Estimate .... Sign repair \$ 7,500.00

Estimate .... Regulator Station removal \$17,500.00

Estimate New Sign	\$1,500.00
<b>Total Job Estimate</b>	<b>\$26,500.00</b>

Cleanup from damage has started .

**Item 5. Park**

Still Closed.

Water leak has developed in park.

Keeping all grass cut and trimmed.
